AMENDMENT OF THE NOTIFICATION FORM FOR SHIPS CARRYING DANGEROUS OR POLLUTING GOODS

The Finnish Maritime Administration has on 23 March 2000 decided to reform the notification form that has been referred to in the 1 § of the Finnish Maritime Administration's decision (8 March 1999) on reporting procedures for ships carrying dangerous or polluting goods and that was published as annex 1 of the decision. The notification form has been amended so that it also indicates where and when the vessel has been loaded or unloaded.

The Finnish Maritime Administration's decision enters into force on 10 April 2000.

Appended is the amended notification form (Annex 1). The Decree on reporting obligations of ships carrying dangerous or polluting goods (869/1994) as well as the Finnish Maritime Administration's decision on reporting procedures and its annexes have been published in the Finnish Maritime Administration Bulletin no. 5/12.3.1999.
